FE138 Version: 2

Confined Space Level II

Calendar Description

This course is a continuation of FE137 Confined Space Level I.

Rationale

Confined spaces present many hazards that often escape detection by the untrained eye. Rescue from a confined space should only be undertaken by trained personnel equipped for the task and supported by a trained back-up team.

Prerequisites

[RT100](#) or [RT106](#)

Co-Requisites

None

Course Learning Outcomes

Upon successful completion of this course, student will be able to

Level II

1. preplan a confined space rescue incident.
2. assess a confined space incident and use all available information to conduct a risk-benefit analysis.
3. control all hazards at a confined space incident.

Resource Materials

Emergency Training Centre student guide.

Browne, George J. Crist, Gus S. (2010). *Technical rescuer confined space levels I and II*.

Clifton Park, NY: Delmar Cengage Learning.

Conduct of Course

This course is presented through the use of the required manuals, lecture, video, field demonstrations and practical skills exercises.

Evaluation Procedures

There will be a multiple-choice exam with the grades determined using the grade scale under the Grades heading of this course outline. There will also be practical skills completed individually as well as with a team. Practical skills are marked as pass/fail. Both the written exam and the practical skills are developed in accordance to NFPA 1006.

Grade Equivalents and Course Pass Requirements

The final mark is given as a letter grade.

Letter	F	B-	B	B+	A-	A	A+
Percent Range	0-69	70-74	75-79	80-84	85-89	90-94	95-100
Points	0.00	2.70	3.00	3.30	3.70	4.00	4.00

Attendance

Regular attendance is essential for success in any course. Absence for any reason does not relieve a student of the responsibility of completing course work and assignments to the satisfaction of the instructor. Poor attendance may result in the termination of a student from a course.

Course Units/Topics

Topics include but not necessarily in this order:

Level II

- Preplan a confined space incident
- Assess the incident
- Control hazards
