

The Islay Hospital Auxiliary Bursary

The Islay Health Centre Auxiliary Society is a volunteer organization that supports the Islay Health Centre. Since 1993 the Auxiliary has operated, insured, and maintained a handi-man wheelchair lift for the residents of the Islay Health Centre. The Auxiliary also maintains the flower beds, stocks a canteen for the residents at the care facility, and fundraises to buy furniture and accessories for the care facility when needed.

The Islay Hospital Auxiliary has a **\$1000.00** Bursary available for a postsecondary student studying in a health related field and who grew up within the Hospital's former Geographic Boundary. Islay is located in east central Alberta (approximately 2 hours east of Edmonton on Highway 16). The Hospital's former geographic boundary is from Range Road 20 west to Range Road 70, and from Township 470 north to Township 550. **The deadline for applications is October 15, 2018** and the application may be picked up at the Islay Health Centre.
