## AC 541 Version: 26

# Intermediate Accounting II

## Calendar Description

This course is an in-depth study of accounting and reporting of long term liabilities and corporation equities. It also deals with the implications of taxation, leases, pensions, and financial statement analysis.

## Rationale

This is a required core course for the Business Administration Accounting major. Subsequent to the introductory course, students will further their ability to work with accounting principles and concepts as they relate to liabilities and equity. The course is designed for the accounting major who will pursue a career in accounting or who will use accounting information.

Credit transferability has been negotiated with the Chartered Professional Accountants of Alberta.

Prospective employers expect accountants to have an understanding of the accounting principles and concepts that are covered in the course

## Prerequisites

AC 441

## Co-Requisites

None

## Course Learning Outcomes

Upon successful completion of this course, students will be able to

1. recognize and apply standards and objectives of external financial reporting to financial information.
2. discuss accounting policy choices and apply them to specific transactions or events with the purpose of preparing reliable financial information and statements.

- analyze financial statements/data for the purpose of making business decisions and advising stakeholders.

## Resource Materials

### **Required Text:**

Beechy, T. H., Conrod, J. E. D., & Farrell, E. J., & McLeod-Dick, I. (2019). *Intermediate Accounting Volume Two* (7th ed. update). Toronto, ON: McGraw-Hill Ryerson Limited.

### **Reference Text:**

None

## Conduct of Course

Course consists of 73 lecture hours.

Students are expected to read topical material prior to lectures and lab sessions. Students are encouraged to participate in discussions.

The classroom sessions consist of lectures and application questions. Some questions are done by the students individually with the instructor available to answer specific questions. The lectures provide the student with the background information necessary to do the questions.

Accounting is a practical subject and can only be mastered by practice. Therefore time is required in and out of class time for working through questions and assignments.

## Evaluation Procedures

Students are primarily tested on material assigned and discussed in the class. The final grade is an aggregate of the following components:

Assignments	15%
Data Analytics Assignment	10%
Chapter Exam 1 (Ch. 12-14)	20%
Chapter Exam 2 (Ch. 15-17)	20%
Chapter Exam 3 (Ch. 18-20)	20%
Chapter Exam 4 (Ch. 21&22)	<u>15%</u>
Total	100%

All marks are recorded as percentages and then converted to a final letter grade as follows:

## Grade Equivalents and Course Pass Requirements

*A minimum grade of D (50%) (1.00) is required to pass this course.*

Letter	F	D	D+	C-	C	C+	B-	B	B+	A-	A	A+
Percent Range	0-49	50-52	53-56	57-59	60-64	65-69	70-74	75-79	80-84	85-89	90-94	95-100
Points	0.00	1.00	1.30	1.70	2.00	2.30	2.70	3.00	3.30	3.70	4.00	4.00

**Students must maintain a cumulative grade of C (GPA - Grade Point Average of 2.00) in order to qualify to graduate.**

### Attendance

Regular attendance is essential for success in any course. Absence for any reason does not relieve a student of the responsibility of completing course work and assignments to the satisfaction of the instructor. Poor attendance may result in the termination of a student from a course(s).

The instructor will recommend that the Registrar withdraw any student who does not meet the established attendance requirements. A failing grade of RW (Required to Withdraw) will appear on the student's transcript.

In cases of repeated absences due to illness, the student may be requested to submit a medical certificate. *Instructors have the authority to require attendance at classes.*
